Editors Disputch: I have noticed your interest in the matter of metal roofs as protection against lightning. Can you inform me whether their protective power is impaired by painting them red or brownishred, the paint being composed of oil, and what an Englishman described to me as hozide of hiron? By dropping the hozides." you will recognize the article. MERCER.

The metal roof diffuses the electric fluid over its whole surface. So painting it will not, we suppose, destroy its usefulness. But the roof should have tin gutters reaching to the earth.

SYMPTOMS OF A DISEASED LIVER.

iscreases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left oide; sometimes the pain is felt under the shoulderblade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowcls in general are costive. sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a onsiderable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of s prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where a few of them existed, yet examination of the body after death has shown the LIVER to have been extensively deranged.

## AGUE AND FEVER.

DR. C. MCLANE'S LIVER PILLS, in cases o AGUE AND FEVER, when taken with quinine, are productive of the most happy results. No better cathartic can be used preparatory to or after taking quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

OF AUGUST 1, 1879.

Dr. Howard compares these waters with those of the celebrated Greenbrier White Sulphur. West Virgiota, and adds the following:

"Indeed, in a certain class of cases, it is much superfor to the latter. I allude to the abiding debility attendant upon the tarry convalescence from grave acute diseases; and more especially to the cachesta and sequels incident to MALARIOUS FEVERS IN ALL THEIR GRAPES AND VALUE TITES to certain forms of atomic dyspepsia and ALL. FEVERS IN ALL THEIR GRADES AND VARISTIES, to cortain forms of atonic dyspepsia and ALL THE AFFECTIONS PECULIAR TO WOMEN that are remediable at all by mineral waters. In short were I called upon to state from what mineral waters I have seen the greatest and most unmistable amount of good accrue in the largest number of onses in a general way. I would unheritatingly say the Eufalo Springs, in Meetlenburg county, Va."

DEEN IN THE UNIVERSITY OF MARYLAND,

BUFFALO LITHIA WATER.

MALARIAL POISON. CHRONIC REMITTENT AND INTERMITTENT FEVERS, &C.

CASE OF MR. \_\_\_\_\_, OF CHARLOTTE COUNTY VIRGINIA, STATED BY DR. WILLIAM FOUNTAINE CAR-RINGTON, OF HALIFAX COUNTY, VA., BEFORE THE WAR A SUEGEON IN THE UNITED STATES NAVY, AND DURING THE WAR A SURGEON IN THE CONFEDERATE STATES ARMY. [Extract from letter dated Meldeudo, Hallfax county, Va., August 13, 1879.] Extract from fetter dated sleideddd, flailiax county, Va., August 13, 1879.]

"The case of Mr. —, of Charlotte county, Va., was one which the medical world recognizes as the effect of malarial poison, with frequent and prolonged attacks of intermittent or remittent fevers, followed by weakened nerve-power, impoverished blood, and if not actual enlargement of the liver, at least great sluggishness of the portal system. The usual treatment sroving unavailing, I advised a visit to the Buffulo Lithia Springs, where my patient remained for some six weeks, using the water of Spring No. 2 with admirable results. The liver was reduced to its normal size, the vitlated secretions removed, the chills and fevers arrested, and the secreting organs invigorated to a regular and healthy performance of their functions. I know of no medicinal waters that I consider comparable to these in the variety of diseases having their origin in 'malarial poison,' I ascribe much of the curative virtue of these waters, especially in cases of this character, to their action as a 'nervetonic.'"

EXTRACT FROM A COMMUNICATION OF DR. JOHN W. WILLIAMSON, OF JACKSON, TENN., ON THE THERAPEUTIC ACTION OF THE

BUFFALO LITHIA WATERS.

IN VIRGINIA MEDICAL MONTHLY FOR FEB-RUARY 1877:

"Their great value in Malarial Diseases and Sequelle has been most abundantly and satisfactorily tested, and I have no question that it would have been a valuable apxiliary in the treatment of the epidemic of yellow-fever, which so terriby afflicted the Mississippi Valley during the past summer. I prescribed it myself, and it gave prompt relief in a case of suppression of urine in yellow-fever, and decidedly mitigated other distressing and dangerous symptoms. The patient recovered, but how far the water may have contributed to that result (having prescribed it in but a single case) I of course cannot undertake to say. There is no doubt, however, about the fact that its administration was attended by the most beneficial results." RUARY.1877:

MALARIAL POISON. EXTRACT FROM A LETTER OF DR. J. T. AT-TERBURY, OF ESTELL, MISS., DATED JULY

9, 1879:
"I have found the Buffalo Lithla Waters invaluable in all diseases having their origin in malarial poison. Indeed, they seem almost specific in diseases of this character. I believe that persons residing in the most malarious districts might find to a great extent immunity from malarious fevers and their attendant cvils by the free use of these waters during the seasons of the year specially calculated to give rise to them." TESTIMONY OF DR. E. B. SPENCER, OF HALI-

FAX COUNTY, VA. SCOTTSBURG, HALIFAX COUNTY., VA., July 18, 1879. Dear Sir,—On two occasions this year I have had an attack of chills and fevers, which, in both in-stances, I arrested by the use of the Buffalo Lithia Waters, without the use of any medicine whatever. Very respectfully, E. B. SPENCER, M. D.

EXTRACT FROM A LETTER OF THE LATE DR. THOMAS P. ATKINSON, OF DANVILLE, VA., EX-PRESIDENT STATE MED-ICAL SOCIETY, OF AUGUST 15, 1874. "The Lithia Waters have unquestionably displayed great power in the peculiar diseases of the warm, missnatic regions of the South, which may be grouped together under the head of Malarial Cachexia, covering hepatic engorgements, enlargements of the Spieen. Jaundice, &c. It is not pretended that these waters possess any anti-perodic properties, such as quintine; at the same time, however, it is certainly true that in Intermittent and Remittent Fevers, in a chronic form, they have in numerous instances given relief in cases which had obstinately resisted all the anti-perodic drugs of the shops. From my experience with them I feel fully warranted in saying that, with rare exceptions, wherever disease is found originating under malarial influence, a potent remedy may be found in this water."

THOMAS F. GOODE, Proprietor, Buffalo Lithia Springs, Va. This water is for sale in Richmond at \$5.50 per case by the Agents.
